

Another Specialty Craft Class by "Stamp the Rock"!

Now accepting registrations for small-group classes

This popular class format includes hostess gifts for the coordinator - and all attendees' supply kits include sufficient materials to make *3* complete gift sets!

Just in time for your holiday gift-making, you'll love this beautifully-coordinated, functional set of 6 coasters presented in a matching gift box, complete with embellishments and gift tag. Make yours in any one of 13 choices of designs and colors - to suit your individual tastes or the preferences of your lucky loved ones.

Your class includes all the materials necessary to complete *3* gift sets and a set of full-color illustrated instructions (PDF). And you'll even have materials left over to take home and use for future crafting projects! Oh, and you'll get an experienced instructor, of course. All this for under \$65 per person (for most color/pattern choices).

These handmade gift sets will be the perfect "I made this just for you" remembrances for some of your very dearest friends this holiday season!

To attend or schedule this class with your own group of friends anywhere on Whidbey Island contact:
